CREATING A COMFORTABLE HOME FOR ALL

This is a house that we designed for the town. This weekend we are having an open house to show what we did to improve the house and to see if anyone is interested in buying it. It's in a good location and all of the renovations are brand new, so nothing will have to be changed or fixed.

Come check out what we've built

East Hills

**The address
for this house
is 44
Maryland
Drive, East
Hills, New
York, 11762**
